Kozhikode, Kerala, India

Summary

Experienced and result driven Naturopathy doctor and wellness leader, with over 13 years of clinical excellence in holistic and integrative healthcare. Currently serving as Medical Director, leading multidisciplinary teams in delivering patient-centered, evidence-informed natural medicine solutions where we integrate evidence-based Naturopathy, yoga therapy, detoxification protocols, and lifestyle medicine to help patients achieve long-term health transformation.

With over 13 years of experience in Natural medicine, I specialize in:

Lifestyle disorder management (Diabetes, Hypertension, Obesity)
Infertility and womens health
Therapeutic detox & fasting protocols
Gut health & metabolic correction
Stress management & holistic healing
Preventive healthcare programs

I believe in treating the root cause—not just the symptoms—through personalized healing plans that combine Diet and Fasting therapy, Hydrotherapy, Manual therapy, Mud therapy, Yoga, and Mind-Body interventions.

My mission is to make Natural, Preventive, and Sustainable Healthcare accessible and result-oriented.

My approach blends traditional Naturopathic principles with modern diagnostics to address root causes, optimize wellness, and promote sustainable health outcomes.

I am passionate about Preventive Medicine, Lifestyle transformation, and building systems that enhance patient experience and clinical efficiency.

Core belief: True healing begins when we treat the person, not just the disease.
